CPC50320 Diploma of Building and Construction (Management)

On Campus International - CRICOS
Course Code: 105619C

Duration

52 Weeks
(inc. holidays)

Delivery mode

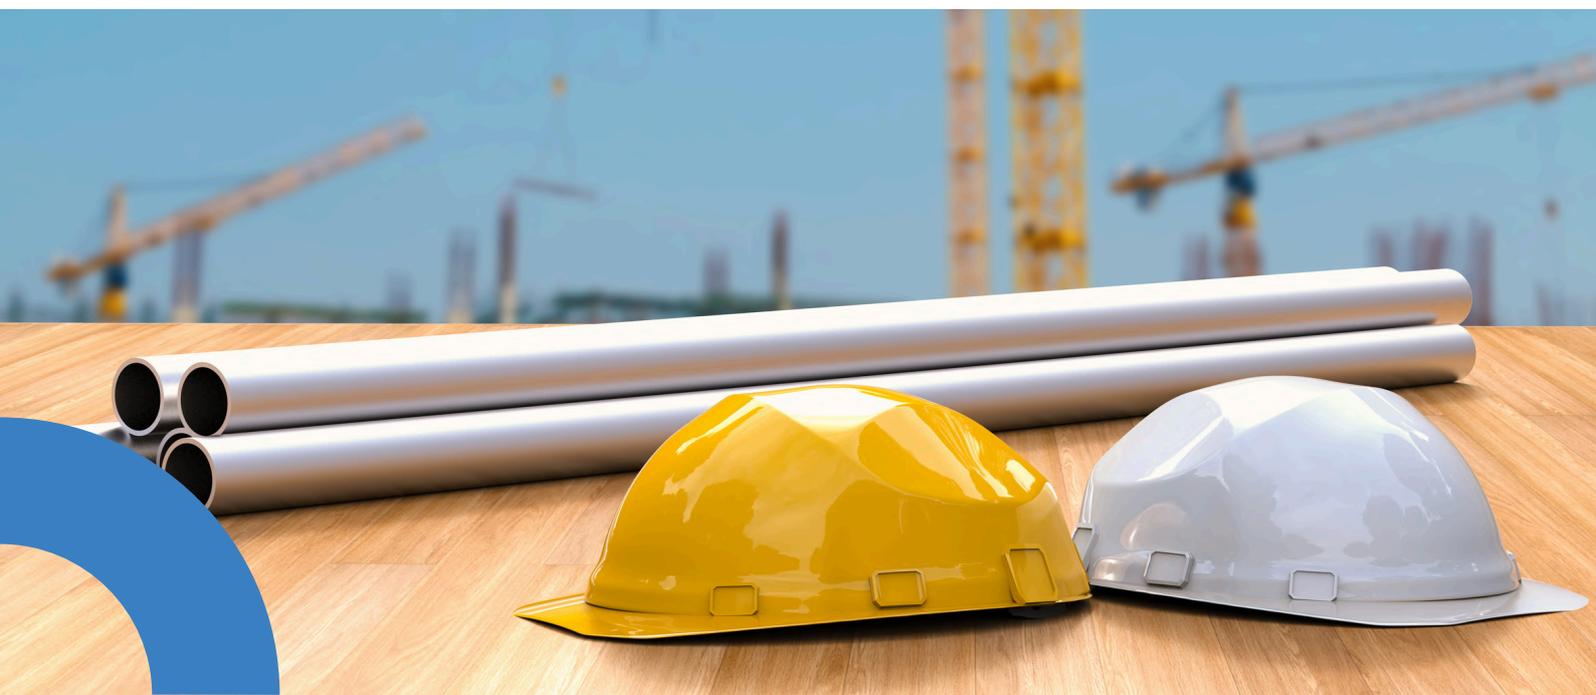

Classroom based - Face to Face
Melbourne, Perth and Brisbane campus

The CPC50320 Diploma of Building and Construction (Management) course will provide you with the skills and experience to manage complex construction planning, operational, evaluation, and problem-solving challenges. It covers building construction theory and practices related to residential and commercial site management applications.

Course Description

As part of this qualification, you will learn how to manage budgets, resources (physical and material), Work Health and Safety and team management. Our elective units will provide you with experience in learning to apply building codes, project costings, contract management and structural principles to medium rise construction projects.

Entry Requirements

Age Requirements

Students must be a minimum age of 18 years or above at the time of course commencement.

Academic Requirements

Satisfactorily complete a minimum of year 12 or equivalent.

English Requirements

Applicants must provide evidence of completion of the International English Language Testing system (IELTS Test), either Academic (A) or General (G) band 6 overall, or its equivalent (refer to the list below) completed within 2 years from the application date.

Additionally, all applicants are required to:

- Having physical attributes suitable for working in the construction industry.
- A National Police check will be completed prior to attending practical placement.
- Provide documentation according to Department of Home Affairs requirements.
- Complete an LLND assessment prior to the enrolment of the course.

RPL and Credit Transfer

Refer to our website for information on Recognition of Prior Learning (RPL) and Credit Transfer (CT).
